

MONMOUTH COUNTY, NEW JERSEY 2026 MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN

Michael Baker
INTERNATIONAL

OVERVIEW

The Monmouth County Sheriff's Office is updating its Hazard Mitigation Plan. Hazard mitigation planning identifies risks and vulnerabilities associated with natural disasters and develops long-term strategies for protecting people and property from future hazard events. Updates are required every five (5) years in order for communities in Monmouth County to be eligible for certain types of state and federal disaster relief funds after a disaster occurs.

PUBLIC WORKSHOP

The Project Team is engaging with the public via a workshop to understand unique assets that should be protected, the hazards we face, and findings from the risk assessment. Questions we may discuss include:

- Where are the hazards experienced?
- What are your biggest concerns?
- What are your recommendations for hazard mitigation?

To review the the hazard mitigation plan, please visit the [Monmouth County Hazard Mitigation Planning web-page](#).
