

Spring Lake Heights Green Acres Program Survey

The Borough of Spring Lake Heights would like to make improvements to the playground park at the Cornelius V. Kelly Community Center and/or improvements to the playground at Joseph E. Robertson Park. In order to fund the projects, we will be submitting a grant application to the New Jersey Department of Environmental Protection Green Acres Program.

The Borough is conducting a survey to determine which recreational facilities and programs best suit our residents now and in the future. We are seeking input from our residents to help us determine those needs. Please take this opportunity to talk with members of your household and take part in helping us identify park and recreation needs in the Borough.

If you would like to participate in the survey, copies are available at the Municipal Office 555 Brighton Ave. Spring Lake Heights, NJ. You may also request the survey by emailing jmay@springlakehts.com by Friday December 30, 2024.

All surveys should be returned by submitting this form or via email to jmay@springlakehts.com or delivered in person to the Municipal Office, 555 Brighton Ave. by January 8, 2025.

Upon receipt and review of the surveys the Borough will be conducting a meeting on January 13, 2025, at 4:00 pm in the Cornelius V. Kelly Community Center to review and discuss the survey results.

The Borough will be conducting a formal public hearing at the Council Meeting on January 21, 2025, to finalize the application submission.

If you have grant questions concerning the survey, please call Borough Office at 732-449-3500. Thank you for participating! This survey should take approximately 10 minutes to complete.

Thank You,

Joseph May, Public Works Director, Borough Engineer

* Indicates required question

1. Do you utilize the Spring Lake Heights Parks System? *

Mark only one oval.

Yes

No

2. What is your favorite park in Spring Lake Heights? *

Mark only one oval.

Community center Tot Lot
